Spruce Cliff Community Association continues to work and needs your support.

It has been a challenging year on many fronts, but the Community Association has worked hard to carry on its mandate to engage and inform our members. We know that communities with strong community engagement are great places to live, work and play, all good reasons to be a member of your Community Association. Spruce Cliff has a diverse demographic on many measures, and we appreciate that all do not have time to volunteer; but you can show support of the community where you live with your membership purchase. (\$10 single or Seniors / \$30 family)

Engaging with those who live in the apartments and condos in the community is an ongoing challenge. If you have friends and neighbours living in those areas of the community, please encourage them to participate, or sponsor a membership for that helpful neighbour or friend! Note: You **do not** have to be a homeowner to be a Community Association member.

The Community Association uses the service provider www.streetbeat.ca This platform is used to maintain our membership roster and keep in touch. It is the easiest way to purchase or renew your membership. The manual options of snail mail, and dropping off your payment envelope addressed to Spruce Cliff Community Association - Spruce Cliff Centre, 3375 Spruce Dr SW T3C 3A3 is still an option.

We continue to advocate with our City of Calgary neighbourhood partners on **community programming opportunities for 2021**. Please visit our website and social media sites for announcements and updates on items that might interest you and your family.

We continue to engage residents and planners on area land use/development planning activities and traffic projects that will affect Spruce Cliff in the short and longer term. We will continue to do our best to keep everyone informed of resident participation opportunities through the membership roster emails and our social media and web site platforms.

Site postings for land use & development projects and other city initiatives:

Residents have engaged and responded to The City file manager with your comments on the projects. To help inform the Community Association's response, we appreciate being copied on your submissions as the non-physical open houses do not provide the same mix and mingle opportunity for us to hear your perspective to inform the organizations response. We expect more land use and development applications to continue to flow into the community in 2021. We appreciate your engagement and feedback by letting us know your concerns and comments. president@sprucecliff.org

Be part of it!

Activities / Engagement:

The Westbrook Local Area Plan, which includes Spruce Cliff is underway. There are some project “What We Heard” updates on the City of Calgary project web site, but the draft concept plan has been delayed in part for the completion and council approval of the revised MDP Municipal Development Plan, the new Guidebook for Greater Communities, and also the difficulties of public engagement due to COVID-19. This city lead project is expected to become more active this spring/summer.

Community Projects for 2021:

The Spruce Cliff CA AGM for 2021 is **tentatively scheduled** for **Wednesday May 12th**. Learn what the board has been doing over the year and vote for the new board. Board positions are vacant, this is your chance to expand those skills and meet more of your neighbours.

Community Clean Up **Save the Date - Saturday May 29th** COVID-19 conditions permitting: Stay tuned for more details on what the event might help you clear out of your storage nooks and crannies. We will need volunteers!

Spruce Drive Gateway Flowerpots Project returns: Please donate when you renew your membership to help us fill those pots with summer colour.

For volunteer opportunities or to contact the Community Association with concerns & ideas visit
